Info and Rules

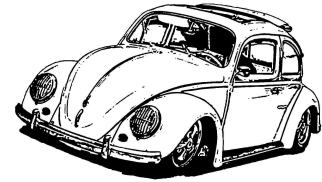

Questions Before the Show: Email us at vwec.org@live.com or call Show Coordinator Bill Walker at 720 298 8115 with your questions. Leave a message.

Canopies: The wind comes up in the afternoon. If your push-up canopy seems unstable, be proactive, don't wait for us to ask you to take it down. Blowing canopies have damaged expensive show cars in past VWOTG shows! Many of the California shows just don't allow them at all due to on-going problems. The best option is to have stakes, weights, sandbags etc. to weigh all four legs of your canopy down. You are liable for any damage your canopy causes. Canopies enhance everyone's experience at the show, and we are hoping to continue to allow them at future VWOTG car shows!

Pro Tip: The website is noted in the header. There is a Car Show section on that site that will answer many of your questions and give you a better idea of what the show will be like in this new location. Pay particular attention to the FAQs.
